What is NAPLAN?

The National Assessment Program — Literacy and Numeracy (NAPLAN) is the standardised national assessment sat by every Australian student in Years 3, 5, 7 and 9. It measures the core skills considered essential for a child to progress through school and everyday life.

Delivered online, NAPLAN tests four domains — Reading, Writing, Language Conventions and Numeracy. Results place each student into national achievement bands and are used by schools to track progress, by parents to understand strengths, and by selective and scholarship programs as a key indicator of academic readiness.

Why It Matters

Strong NAPLAN results open doors — informing class placement, building academic confidence, and strengthening applications for selective schools and scholarships. Early, structured preparation turns an unfamiliar test into a clear, achievable goal.

The Exam Breakdown

Four domains, each preparing students for a distinct part of the assessment.

Reading

Comprehension across fiction, non-fiction and visual texts.

≈ 40-50 QUESTIONS

Writing

One narrative or persuasive task, planned and drafted.

40-MINUTE TASK

Language Conventions

Spelling, grammar and punctuation accuracy.

≈ 50 QUESTIONS

Numeracy

Number, algebra, measurement, geometry and statistics.
